

Grading Guide for Berean Courses

All of our Berean courses are Self-Paced whether labeled that way or not. That means enrollment is open year-round and students can advance as slowly or quickly as they wish, as the name suggests. Since the Discussion Questions are optional, the grade for these classes all rest on the average of the weekly quizzes.

Grades:

Weekly Discussion Questions (DQs)	not graded
Weekly Quizzes	100% overall score

90% or greater = A 80% or greater = B 70% or greater = C

Less than 70% is not passing#

Those who want to take a class with a group of their friends can tackle the Discussion Questions for each session as a group and challenge each other to dig deeper. For those who want to take their fellowship beyond the prescribed discussions in the classroom, we invite you to log into the KI Forum. The KI Forums site is available from the Student Dashboard under the “Forums” tab (<http://forums.studycenter.com/>). Your Login info will be the same as you use for Koinonia Institute.
